DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on January 14, 2010 was in compliance with the provisions of 37 CFR 1.97 and 37 CFR 1.98. The IDS was considered. A signed copy of form 1449 is enclosed herewith.

Response to Amendments/Arguments

2. Applicant's arguments are persuasive in overcoming the 35 USC 102 rejection, which is hereby withdrawn.

3. New grounds of rejection are set forth herein. The generic claims remain rejected, therefore, prosecution is still limited to the elected species. Applicant will be entitled to rejoinder and consideration of non-elected species upon allowability of the generic claims.

Claim Objections

4. Claims 70, 77, 80, 86, 87, 92, 99, 101 and 102 objected to for not being written in proper alternative form. See pg. 3 lines 14 and 15. Proper correction is requested.

5. Claims 70, 77, 80, 86, 87, 92, 96, 97, 99, 101 and 102 contain non-elected subject matter which has not been searched or examined.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

Art Unit: 1626

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

6. Claims 70, 77, 80, 86, 87, 92, 99, 101 and 102 rejected under 35

U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The claims have been amended to include the limitation "unsubstituted alkyl having from one to seven carbon atoms." Support for the amendment is not found in the originally filed disclosure.
